

The Ultimate Soil, Crop & Plant Health Technology™

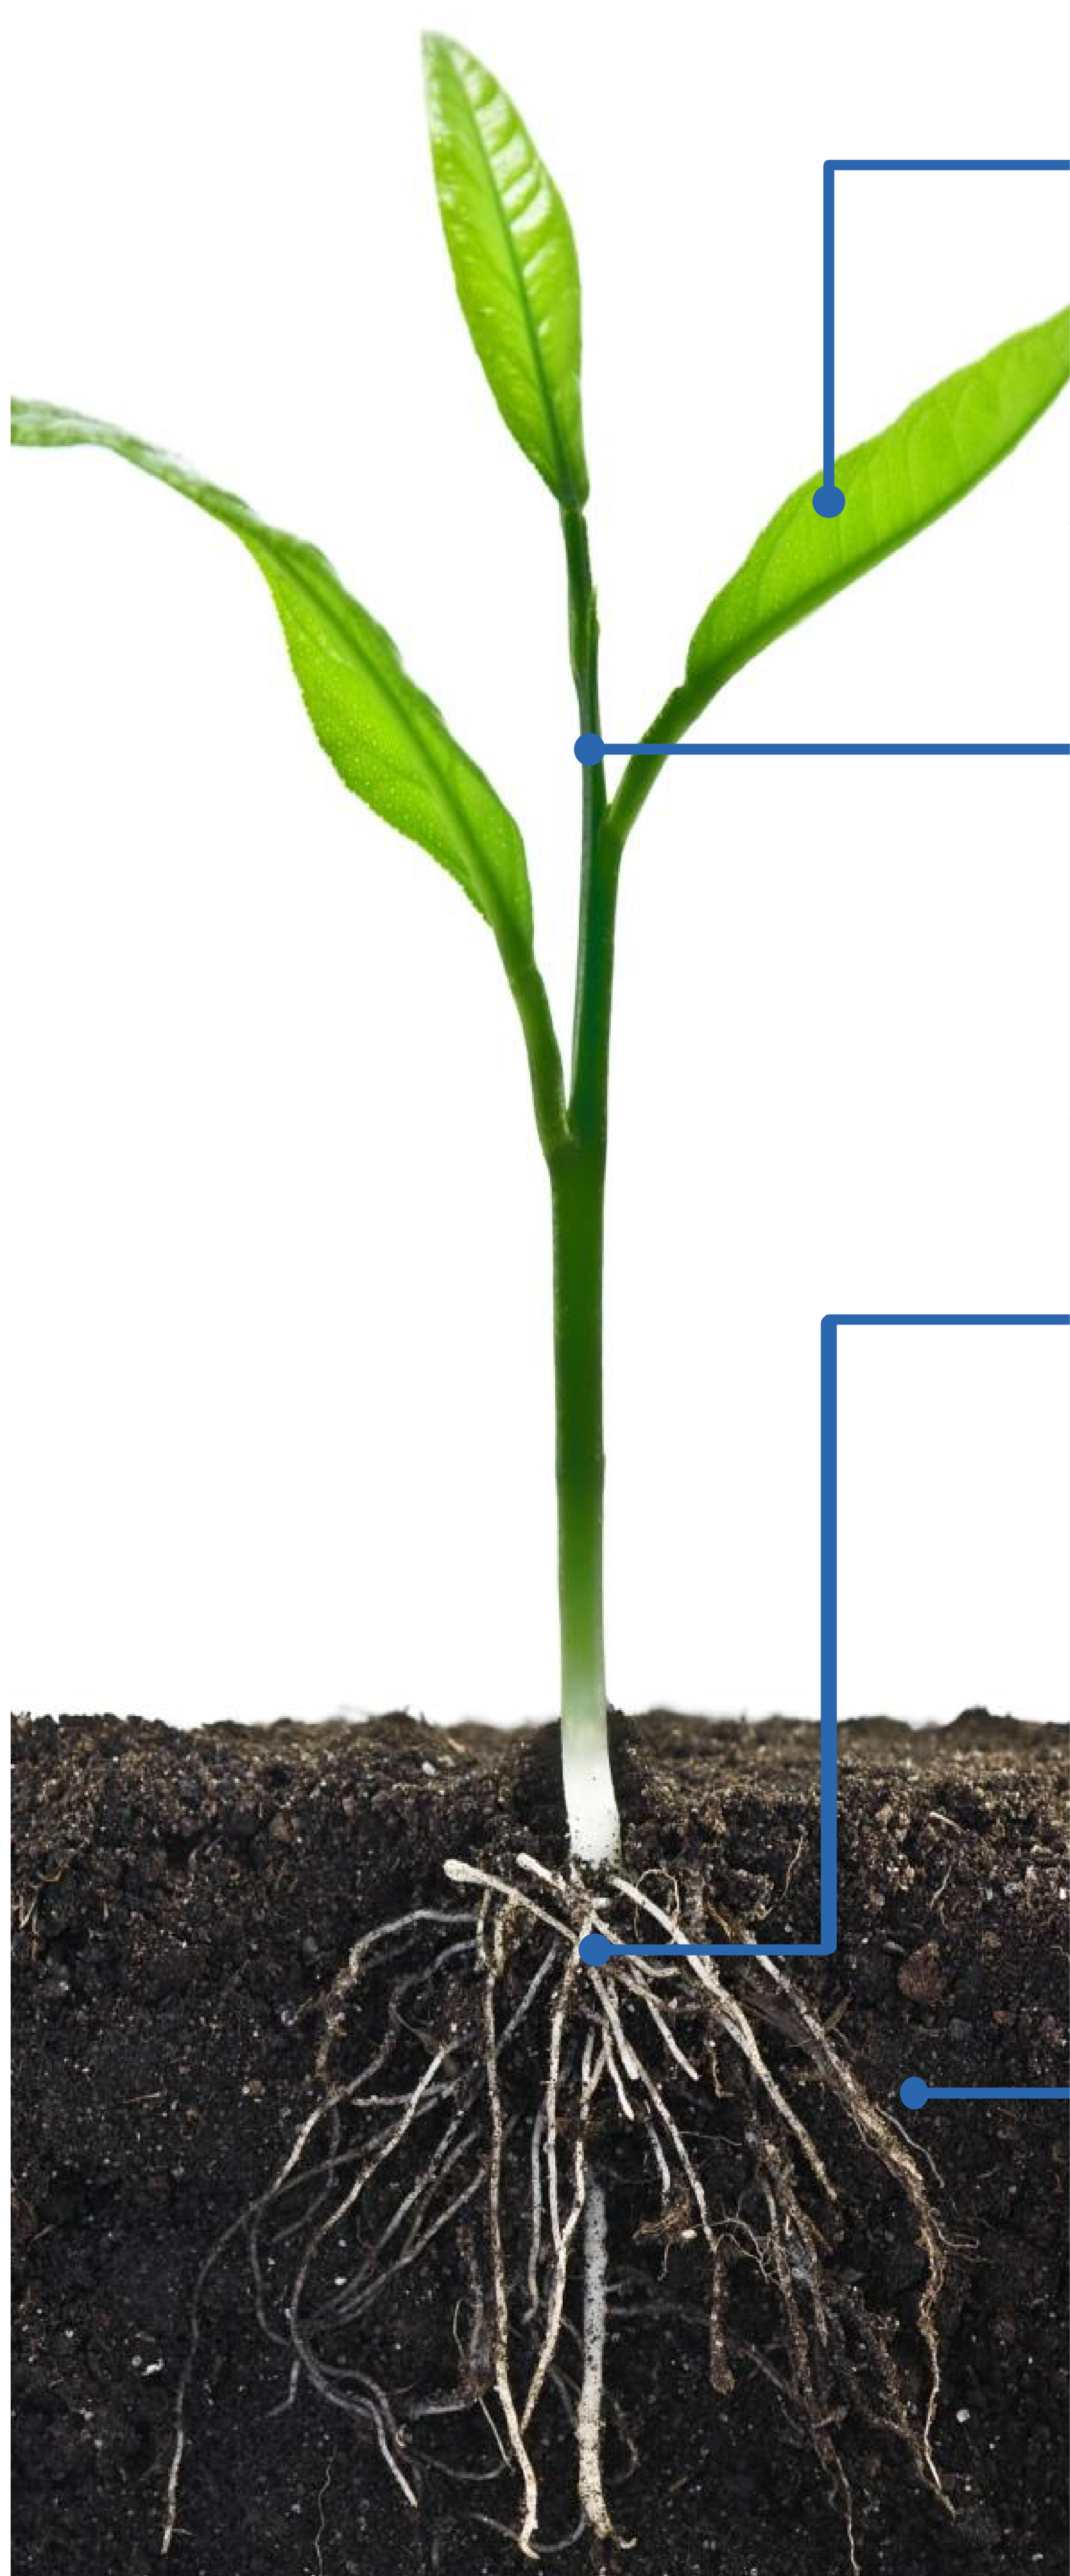

APEX-10™ Puts The Power of Nature In Your Hands.

What makes Nature's Wonder® APEX-10™ different from anything on the market?

- APEX-10™ is a powerful bio-stimulant and soil amendment in one that is made in America. This one-of-a-kind peat extract is made from 10,000 year old active and complex naturally occurring materials.
- A patented extraction process is used to recover all of the organic substances in their most beneficial form. The result is a formula with greater power than simply the sum of its parts. APEX-10™ is available as a liquid formulation to apply by a spray device.

Nature's Wonder® APEX-10™ is backed by field applications and University studies to successfully:

ENHANCE FERTILIZER & WATER EFFICIENCY

How? By increasing crop/plant chlorophyll levels and accelerating crop/plant metabolic performance

The Bottom Line:

- Increased Fertilizer Efficiency + Less Water = Cost Savings

INCREASE CROP/PLANT TURGIDITY

How? Increases the crop/plant's ability to move water more efficiently

The Bottom Line:

- Better Drought Tolerance
- Crop/Plant Remains Upright

DRAMATICALLY REDUCE POTENTIAL OF ROOT LOSS UNDER STRESSFUL CONDITIONS

How? Increases root mass, root density, and root strength

The Bottom Line:

- Maintain crop/plant performance and root strength even during heat and traffic

ENHANCE SOIL NUTRIENT RETENTION & MAKE NUTRIENTS MORE AVAILABLE TO THE CROP/PLANT

How? Enhances growth of native microbial population and its activity

The Bottom Line:

- Solubilize nutrients that are tied up in the soil for greater crop yield & plant health
